PROJECTS

PassWord Manager

React-app

08/2024 - 08/2024

Description

- For this project, I utilized HTML, Tailwind CSS, JavaScript, and React.js technologies. JSX was used for the frontend development.
- this password management application to streamline users' digital lives. The application enables users to securely store, organize, and manage their credentials

Soptify Clone

JavaScript-app

04/2024 - 05/2024

Description

- For this project, I utilized HTML, CSS, and JavaScript technologies.
- Developed a functional music streaming application replicating core Spotify features. The project focused on building a user-friendly interface for music playback, including play/pause functionality, volume control, and track navigation.

ToDo List

React-app

06/2024 - 06/2024

Description

- For this project, I utilized React.js , Tailwind CSS technologies.
- Developed a user-friendly to-do list application using ReactJS and Tailwind CSS. The application allows users to efficiently manage their tasks by creating, editing, and deleting to-do items.

SKILLS

Basic: MySQL

Intermediate: HTML , CSS , JavaScript ,Java, React Js , node.js , DSA

IDE: VS Code IntelliJ (JAVA)

POWER SKILLS

-Comfortable working in a team of know individuals
